FROM CENTRAL AMERICA.-A late arrival from Central America brings us dates from San Salvader to the 4th of October. The twenty-ninth an niversary of Central American Independence was celebrated on the 15th of September. Don José de Marcolata has been nominated Minister to Spain, to solicit the recognition of the independence of San Salvador. The mines which belonged to Spain are now declared by a decree of the President the property of the State. Dan Felipe Alvarez, Chargé d'Affaires of Peru, was received by the President of Nicaragua on the 15th of September. There is no other news of importance.

FROM JAMAICA .- By the Merlin, from Bermuda, we are in receipt of the St. Thomas Tidende containing advices from Jamaica to Nov. 11, six days later than we received by the Crescent City.

days later than we received by the Crescent City. The Tidende says:

The cholera, so far from being on the decrease, has reached a frightful extent. The loss of life is very great, the accounts varying from 150 to 200 a day. We trust that this frightful mortality is exaggerated, though from the steadiness of its increase since its first appearance, we fear the intelligence is but too true. The unfortunate inhabitants are dying so fast that it is said coilins cannot be prepared quickly enough to supply the demand for them; and in some instances pits were obliged to be dug as a more expeditious means of burying the dead. As a means of preciation, gun pewder had been exploded in the vicinity of the towns, the effect of which, it was supposed, would tend to purify the atmosphere.

FROM HONDURAS.—The brig September, Capt. Nickerson, from Truxillo, Nov. 16, arrived at this port this morning. Capt. Nickerson reports that port this morning. Capt. Nickerson reports that Hondurus and other states remained quiet. There was still a good deal of animosity in the minds of the people to Chatfield, the English Consul, and to the English nation generally. A political hand-bill had been printed and circulated there, in which the acts of the English Consul are spoken of in terms of reproach and indignation. [Boston Traveller, Dec. 2.

FINANCIAL. OHIO and PENNSYLVANIA RAIL-ORIOD COMPANY - SOLOGO SEVEN PER CENT.

MORTGAGE LOAN - Sound Proposals will be received by the subscribers mill Satories. He 7th day of December maxt, for FIVE HUNDIED THOUSAND DOLLARS of the first and only Morgas. Bonds of the Ohio and Pennsylvania Railrond Company, convertible hiter the Score of the Company at the pleasure of the holder, at any time previous to their manufely, hearing severe per cent. per anominiterest, and redeemable in New-York on the 1st of July, 1865.

These Bonds are in sums of \$1,000 each, with Corpona attached, payable in New-York on the lat of each January and July.

These Bonds are based under the provisions of the acts of the Legislatures of Ohio and Pennsylvania, and are secured by a mortgage executed to John J. Palmer, Esq. of the City of New-York in trust for the Bondholders.

This mortgage covers the entire line of the Road from Pittsburgh to Massillon, in the State of Ohio, a distance of 197 mins, the cost of which is estimated at \$2,08,000, and the Trustee is empowered, in case of sixty days' defaurit in the payment of interest or principal of the Bonds, to take possession of, use and self the whole or any part of the same; and it provides further, that Bonds to the amount of one million of oldiars is all may be Issued, of which amount five hundred thousand dollars have already been disposed of, principally in England, in the purchase of rails, spikes, chairs, locemotives, &c. leaving only the bonds now offered be issued under the mortgage.

The proceeds of the entire lestic are exclusively applied to the superstructure and equipment of the line from Pittsburgh to Massillon; the means for the construction of the road ready for the iron, have been amply provided by reliable stock subscriptions; among which the twin cities of Pittsburgh and Allegheny have each subscribed and paid in \$20,000.

The Ohio and Pennsylvania Railroad forms part of the great direct line of Railroad between the cities of New-York, Philadelphia and St. Louis, which, when finished, will be shorter than any of the routes between New-York and St. Louis.

The line between philadelphia and Pittsburgh and Massillon. It now made coursed to the spindly and Wallen, is now made coursed and course subscribed for the ready for travel in 1852, by which thus the whole of the Ohio and Pennsylvania road to its junction with the Cityciand. Columbus and Cincinnati road, is intended to be finished.

The mown made course the course subscribed of the Pittsburgh and Massillon.

Ohio and Pernayivania road to its junction with the Claveland, Columbus and Guchinad road to its junction with the Claveland, Columbus and Cinchinad road, is intended to be financed.

The portion of the road between Pittsburgh and Massillon, is now under contract and progressing rapidly and will be in operation in 1801; from Pittsburgh to Beaver it will be opened for indiction that were.

The immense and rapidly increasingly commerce of Pittsburgh foined to the traffic to be derived from several of the wheat counties of Ohio through which this coad passes, will insure to it a large and productive business that can never be diverted by any other route; this without taking into consideration the long travel, ploned to the low cost of construction (estimated at only \$16.504 per mile.) will insure to the stockholders highly remunerative dividends, and here is little doubt that the right of converting these Bonds into stock, at par, will be availed of by the Bond holders and add greatly to the value of the Bonda, as it will enable the Bond holders to share in the profits of the road when its results shall become matter of act, without incurring any risk while the road is being constructed. It is confidently believed that the Bonds now offered for sale afford one of the safest and most desirable securities in the United Sistes.

FIVE HUNDRED THOUSAND DOLLARS are now offered for sale.

The entire amount will be disposed of absolutely and without reserve to the highest bidder.

Sealed proposals for any amount not less than \$1,000 will be received at the offeres of the undersigned until 3 o'clock on the seventh day of December next;
